

Internships in Hungary

Internships and Masters Theses at Bosch in Hungary

The Bosch Company offers students of the Faculty of Engineering at the University of Duisburg-Essen to do an internship at Bosch Companies which are located in Hungary. Under certain conditions it is also possible to do a Masters Thesis with some of these companies. In this way students could also do a practical semester and/or a semester abroad. The students will be supported by the University of Duisburg-Essen and the Partner University in Miskolc. Dependent on the specific research topics the students are going to be supported by the Chairs of Mechatronics, Construction Design and Plastic Engineering, Dynamics and Control as well as the Fraunhofer Institute for Microelectronic Circuits and Systems.

The four Bosch Companies in Hungary are located in Eger, Hatvan and Miskolc. The companies design and produce products in the field of Power Tools, Pneumatic and Hydraulic Drive Technologies as well as Starters of Motor Vehicles. Themes are also offered in the area of design and production engineering.

The students are going to get a **monthly payment** and are going to be supported in travels and accommodations.

If interested and having more question students can contact:
