Please edit your abstract directly into this template. This ensures the same settings for all abstracts. Unfortunately we cannot accept abstracts with different settings.

Please write in English using Arial and 11 points. Line spacing is 1.5, the text format is justified. Page margins are: 2.5 cm (top, left and right), 2.0 cm (bottom). Papers,<sup>[1]</sup> books<sup>[2]</sup> and patents<sup>[3]</sup> are cited according to the journal *Angewandte Chemie*. The endnotes are written in 10 points. Please do **not** use built-in footnote, endnote or similar tools but write the endnotes in plain text. Figures may be black/white or coloured Paste the figures directly into the text and attach the original file.

**Figure 1.** The figure caption is centred under the figure, the title is Arial, 10 points, centred.

The abstract must not be longer than one page including all pictures, schemes and endnotes. For submission please rename the file with your name and the kind of presentation (oral or poster) and save the file as an MS Word or pdf document. Please send the file via **Registration & Abstract Submission**. You will find the link below the abstract drafts.
