

Universitätsprofessur (W3) für "Technische Chemie - Reaktionsdynamik"

Full Professorship (W3) in 'Technical Chemistry – Reaction Dynamics'

Dear applicant,

thank you very much for your interest in the Full Professorship in 'Technical Chemistry – Reaction Dynamics' at UDE. The information sheet attached provides a summary of your application; please include the completed form with your application documents. Please be assured that full consideration will be given to your academic record as provided in your extended CV.

Applications may be submitted via email as a single pdf file or in paper form. In the latter case it would be helpful if you could send an electronic copy of your application as well. However, failure to do this (e.g. due to data protection concerns using email) will in no way disadvantage you in the selection procedure.

Additional information:

- If care responsibilities or other circumstances have delayed the progress of your academic career, please specify the relevant periods (e.g. parental leave, caregiver leave) and, if applicable, the birth years of your children. Note that this information is voluntary.
- If you declare a severe disability a special application procedure may apply in accordance with local regulations. Specify the degree of disability in this case (Grad der Schwerbehinderung). Note that information about severe disability is voluntary.
- Provide numbers of publications and citations according to the "Web of Science" (WoS).
- When stating the number of courses given, please provide also, in brackets, the maximum number of hours per week and the maximum number of students per course.

Full Professorship in 'Technical Chemistry – Reaction Dynamics' – Application sheet

Personal information

Family name		Given name(s)		
Title/Degree	Sex/Gender	Date of birth	Number of children*	Nationality
Severe disability*	Supplementary Career Information (e.g., care responsibilities)*			
Preferred means of contact (email, telephone)				

*This personal information is voluntary

Academic career

Current position (institution, type of contract)

University degree (year, institution, advisor, grade)

Doctorate (year, institution, advisor, grade)

Junior professorship, Junior research group, Habilitation or equivalent qualification (year, institution, mentor)

Research/Postdoctoral stays abroad (of more than six months)

Awards, distinctions, etc. (most important ones)

Externally funded projects since 2021

For each DFG-project awarded to you as PI since 2021, short title, reference code, amount of funding in €

For other projects awarded to you as PI since 2021, funding agency, short title, reference code, amount of funding in €

Significant contribution to the acquisition of funding, funding agency, short title, reference code, amount of funding in €, your contribution

Planned projects awarded to you as PI under review, funding agency, short title, amount of funding in €

Five most important publications and patents

Please enter the title, the DOI-number/ident number and a corresponding link to the published publication/patent if avail.

Research accomplishments, quantified

Publications (WoS)	Citations (WoS)	h-Index (WoS)	Monographs	Feature articles
Invited talks since 2021 (international conferences and workshops)			Link to ORCID ID or similar (if available)	

Teaching experience since 2021, quantified

Mandatory lecture courses	Optional lecture courses, Schools	Bachelor theses	Master theses	PhD theses
