

BIOME Core "Clinical Research": Program 2022/2023

16:00 -17:00 Lecture series every 4 weeks Wednesday
 17:00- 18:30 Students' presentation

Location:

IMIBE, Colonia Haus, Zweigertstr. 37, 45147 Essen, usually Seminarraum IMIBE 3.
 OG [SR-IMIBE], see exceptions

Lecture series

L	Date	Room	Title	Lecturer	Signature
1	04.05.2022	Virtual	Good scientific practice and data management	PD Dr. Børge Schmidt	<i>Virtual</i>
2	18.05.2022	SR-IMIBE 3.OG	An Introduction to MS Access	Dr. Susanne Stolpe	
3	29.06.2022	SR-IMIBE 3.OG	A starter kit for statistical data analysis	PD Dr. Børge Schmidt	
4	20.07.2022	Hörsaal	Principles of descriptive and inferential statistics* (BIOME Workshop)	Prof. Dr. Andreas Stang	<i>See workshop attendance list</i>
5	12.10.2022	Hörsaal	Definition of the p-value; Fisher's significance testing and Neyman-Pearson null hypothesis testing* (BIOME Workshop)	Prof. Dr. Andreas Stang	<i>See workshop attendance list</i>
6	30.11.2022	Hörsaal	Data visualization* (BIOME Workshop)	Prof. Dr. Andreas Stang	<i>See workshop attendance list</i>
7	14.12.2022	SR-IMIBE 3.OG	Quality management in field studies	Carina Emmel	
8	25.01.2023	SR-IMIBE 3.OG	Relative measures of effect: when to use what?	PD Dr. Børge Schmidt	
9	22.02.2023	SR-IMIBE 3.OG	Principles of regression analysis	PD Dr. Dr. Bernd Kowall	
10	29.03.2023	TBA	BIOME Retreat	Organized by the doctoral students	

* **Please note:** The "BIOME Workshop" events are considered as part of the regular lecture programme for Clinical Research core members. However, for those BIOME members from other cores opting to join, these count as soft skill workshops.

Scientific coordinators:

PD Dr. Børge Schmidt
 PD Dr. Petra Ketteler
 Prof. Dr. Andreas Stang

Doctoral researcher presentations

Date	Chair	Title	Student	Signature
04.05.2022	PD Dr. Schmidt	Fear processing in young adults - Investigation of emotional processes in very immature preterm infants in young adulthood	Jablonski, Lara	<i>Virtual</i>
		Long term cellular immunity response in psoriasis patients after pneumococcal vaccination	Wojtakowski, Thea	
18.05.2022	PD Dr. Schmidt	The role of anxiety in nocebo hyperalgesia and its impact on pain	Caliskan, Elif Buse	
		Pneumonitis as an adverse effect of immunotherapy in patients with melanoma	Maaß, Johanna	
29.06.2022	PD Dr. Schmidt	The importance of the genetic polymorphisms GNB3 rs5443 and GNAS rs7121 on the clinical course after kidney transplantation	Peitz, Tobias	
		Influence of RIPC on postoperative kidney function in cardiac surgery patients in a prospective randomised study	Störiko, Linus	
20.07.2022	---	<i>None: BIOME Workshop</i>	---	---
12.10.2022	---	<i>None: BIOME Workshop</i>	---	---
30.11.2022	---	<i>None: BIOME Workshop</i>	---	---
14.12.2022	PD Dr. Schmidt	The role of high-dose chemotherapy in male germ cell tumours	Stöckle, Cathrine	
		Secondary malignant solid tumours after allogenic stem cell transplantation	Keswani, Lamis	
25.01.2023	PD Dr. Schmidt	Potential clinical utility of TOLLIP single nucleotide polymorphisms (SNPs) in the management of patients with systemic sclerosis-associated interstitial lung disease (SSc-ILD)	Schröder, Niels	
		The role of autoantibodies against LDL epitopes and several polymorphisms in G-proteins for the cardiovascular morbidity and mortality in patients with end stage chronic kidney disease	Birkner, Simon	
22.02.2023	PD Dr. Schmidt	Clinical, molecular and therapeutic analysis of patients with melanoma of unknown primary (MUP)	Dollani, Jonida	
		Outcome and prognosis of different therapies of HPV associated anal lesions in HIV positive and HIV negative patients	Rohner, Maxi	
29.03.2023	TBA	BIOME Retreat	Organized by the doctoral students
