

BIOME Seminar - Cellular & Molecular Immunology, Tumor & Signalling, Infectious Diseases

WS 2025/2026

Deichmann Auditorium or Audimax (UKE), Monday 17:00 Uhr s.t.

Date	Name	Chair	Room	Topic	Signature
13.10.2025	Dr. Eleftheria E. Kampouri <i>Fred Hutchinson Cancer Center, Seattle / Lausanne University Hospital</i>	Isabel Zydek Leandra Jürgens	IG1 Anbau Seminarraum	Famous and obscure trolls of cellular therapies: A shifting landscape	
27.10.2025	Dr. Harsharan S. Bhatia <i>Helmholtz Center Munich</i>	Angelo Novak Lars Borgards	IG1 Anbau Seminarraum	Beyond the surface – 3D spatial molecular maps in optically cleared whole organism	
24.11.2025	Dr. Oya Cingöz <i>Robert Koch Institute, Berlin</i>	Vaasudevan Sridhar Jeffrey Hastings	Audimax (UKE)	Translation competence of incoming retroviral RNA genomes	
08.12.2025	Prof. Dr. Tom Lüdde <i>Universitätsklinikum Düsseldorf</i>	Lea Otte Georgia Antonopoulou	Deichmann Auditorium	A decision point between cell death and transdifferentiation in GI oncology	
12.01.2026	Prof. Dr. Kathrin Thedieck <i>Universitätsklinikum Essen</i>	Ankit Singh Hendrik Winkel	Deichmann Auditorium	mTOR and metabolism in cancer	
26.01.2026	Prof. Dr. Sandrine Sander <i>Universitätsmedizin Greifswald</i>	Michelle Elbert Alex Beyer	Virtual	T cell-based mechanisms of immune evasion in B cell lymphomas
