

## RETREAT of the BIOME Core “Sex- and Gender-Sensitive Medicine”

9<sup>th</sup> May 2025 – Kleingruppenraum 1 on the 1<sup>st</sup> floor of the IG1 Anbau (opposite of the Cafélyse)

Dear BIOME students,

**We are delighted to invite you to the first retreat of the BIOME Core Sex- and Gender-Sensitive Medicine.**

To kick off the morning session, we invite each of you to present a brief **elevator pitch** highlighting the key aspects of your current research project. This short presentation (without any slides) should be **clear, concise**, and no longer than **5 minutes**.

Further, we invite you to **introduce yourself**. In addition to sharing what excites you about your research, please tell us:

- **Your favourite sweet treat** (and don't forget to bring it along to share with everyone!)
- **Your hobbies** and what you enjoy doing outside of research
- **Why your current research project excites you** – what makes it special to you?

You can either **prepare slides** or speak freely – the choice is yours, but please keep your presentation within **5 minutes**.

In the **afternoon**, we will continue with a **science talk** and **interactive group activities**. Together, we will explore and discuss what a great sex- and gender-sensitive study needs!

**See you all on 9<sup>th</sup> May,**

Anke, Andrea and Luisa

## Agenda

Time	Item
<b>9:00 – 9:15</b>	Welcome by coordinators
