

## SYMPOSIUM

### GAS-PHASE SYNTHESIS OF FUNCTIONAL NANOMATERIALS: FUNDAMENTAL UNDERSTANDING, MODELING AND SIMULATION, SCALE-UP

Date: March 21/22, 2017

Venue: NETZ, University Duisburg-Essen, Duisburg, Germany

Organized by NanoDome and the DFG research unit "Model-Based Scalable Gas-Phase Synthesis of Complex Nanoparticles" (FOR 2284)

<p><b>Locations of the meetings</b></p>	<p><b>NETZ – NanoEnergieTechnikZentrum</b> (The NanoEnergyTechnologyCenter) <b>University of Duisburg-Essen</b> (campus Duisburg) Carl-Benz-Str. 199 47057 Duisburg Germany Room: 2.42 (3rd floor) <i>(see campus map on page 3)</i></p> <p><i>Please note that typical navigation systems don't recognize Carl-Benz-Str. 199 correctly. Please use "Forsthausweg, 47057 Duisburg" as your goal.</i></p>
<p><b>Registration</b></p>	<p>Please register via the registration link on the website: <a href="http://udue.de/synthesis2017">http://udue.de/synthesis2017</a></p>
<p><b>Arrival</b></p>	<p><b>Düsseldorf Airport is close to Duisburg – approx. 10-20 minutes by train to Duisburg main station</b></p> <p><b>From Düsseldorf Airport to Duisburg Central Station:</b> Trains to Duisburg depart every 10 to 20 minutes. The RE train is the fastest, the S-Bahn stops at all stations and takes longer. Do not take an IC or ICE, you need a special supplement for this. You will need to buy a VRR ticket B at one of the ticket machines before entering the Sky Train shuttle that brings you from the terminal to the airport train station (5,10€). This is only a one-way ticket. If you'd like to get exact information about the trains' departures and arrivals, please have a look at the VRR Server (<a href="http://www.vrr.de">http://www.vrr.de</a>) or refer to the rail server (<a href="http://www.bahn.de">http://www.bahn.de</a>). Get off the train at 'Duisburg Hauptbahnhof' after a trip of approximately 10-20 minutes (depending on the train).</p> <p><b>From Duisburg Central Station to Campus Duisburg:</b></p> <p><b>By bus:</b> <b>Buses 933 and 926</b> (direction "Uni Nord") travel frequently between the main station and the University (stop "Uni Nord"; last stop before return). Travel time approximately 10-15 minutes.</p> <ul style="list-style-type: none"> <li>• At the central station: Go downstairs from the platform. Use the back exit "Ostausgang".</li> <li>• Follow the signs to 'Bussteig Ost'. The bus stop is in front of the back exit ("Ostausgang") at 50m from the station, next to the cinema at the left hand (on the same side of the main road as the station). You have to cross the small street directly in front of the station building.</li> <li>• You can either buy a ticket from the bus driver (to the University) or use your ticket B bought for the train (if you have one).</li> <li>• Get off the bus at the stop "Uni Nord". The silver-gray striped NanoEnergieTechnikZentrum with the distinctive lettering "NETZ" is on the opposite side of the parking lot.</li> </ul> <p><b>By tram:</b> Alternatively, you can also take the <b>tram line 901 direction "Mülheim"</b> from the central station (follow signs U-Bahn / at the end of platforms) and get off at the stop "Zoo/University". Follow signs to L-area of the university, the "NETZ"-building is about 500m by foot from the tram station.</p>
