

**Flow chart** with reference to the Coronavirus Testing and Quarantine Ordinance (*CoronaTestQuarantäneVO*) for NRW dated 11 March 2021

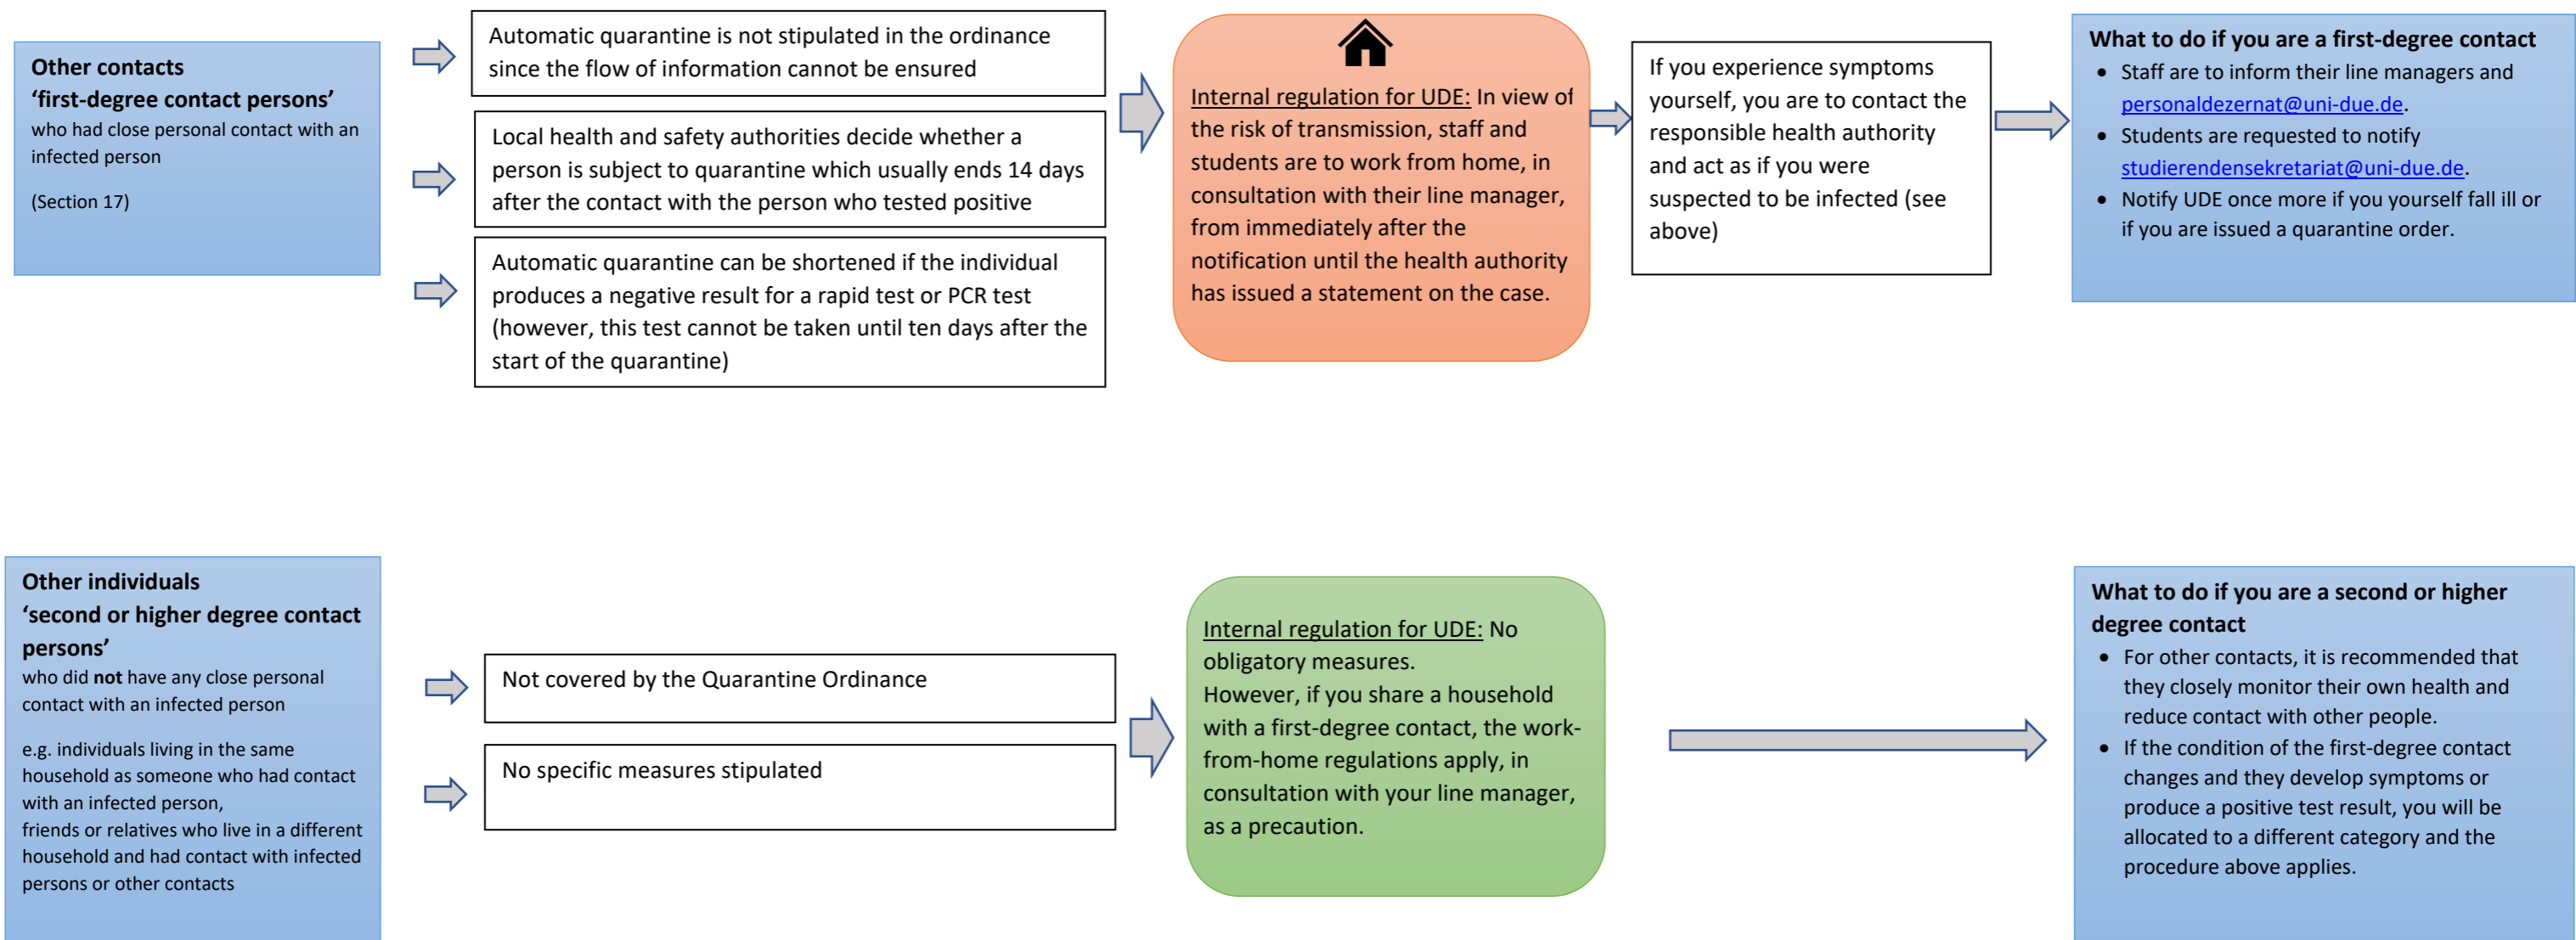

Definitions

<sup>1</sup> **Close personal contact** means: contact >15 minutes with < 1.5 m distance and one or both parties not wearing a face mask or contact in poorly ventilated rooms over an extended period of time.

<sup>2</sup> There are **three different types of test procedures** for SARS-CoV-2: molecular biological testing ('PCR tests'); PoC antigen testing ('rapid tests'), which is carried out by medically trained individuals; and self-testing.
