

Confirmed Speakers

Ada Yonath
Weizmann Institute,
Israel

Andrew Hamilton
Oxford University, UK

Anette Beck-Sickinger
University of Leipzig,
Germany

Hendrik Dietz
TU Munich, Germany

Sijbren Otto
University of Groningen,
The Netherlands

James Shorter
University of
Pennsylvania, USA

Luc Brunsveld
TU Eindhoven,
The Netherlands

Joachim Spatz
Max Planck Institut,
Stuttgart, Germany

David Margulies
Weizmann Institute,
Israel

Stefan Matile
University of Geneva,
Switzerland

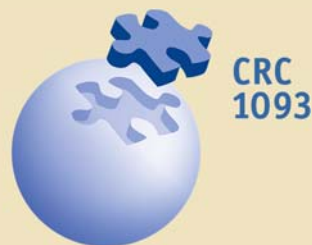

Organizers

Collaborative Research Center 1093
Supramolecular Chemistry on Proteins

Prof. Dr. Thomas Schrader (Spokesperson)
Prof. Dr. Carsten Schmuck (Vice Spokesperson)
Dr. Lydia Didt-Koziel (Scientific Coordination)
Raya Schindler (Administrative Coordination)

Chemistry on Proteins**

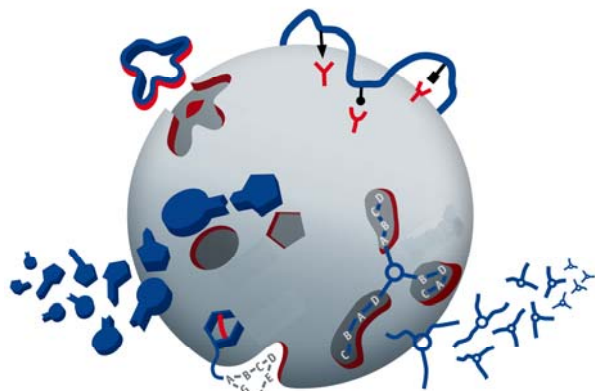

29 – 30 September 2015

Essen, Germany

Supramolecular Chemistry on Proteins

The CRC 1093 International Symposium will focus on the young and emerging field of Supramolecular Chemistry and Biology. Sessions will comprehend presentations by internationally renowned speakers who are leading experts in their field. Their different backgrounds will contribute to the understanding of the underlying principles of protein recognition, manipulation and functional modulation by external agents. Moreover principal investigators from our CRC will present their research.

Session Topics

- A Supramolecular Modulation of Protein Function
- B Biomimetic Chemistry
- C Molecular recognition of proteins by synthetic ligands
- D Synthetic Biology

Schedule

The Symposium will start on Tuesday, September 29, at 11 am and end on Wednesday, September 30, at 5 pm. In the evening of the 29th there will be a Symposium Dinner.

There will be an optional excursion on Wednesday afternoon (visit to world cultural heritage Zeche Zollverein Essen).

Registration and Abstract Submission

The attendance and the Symposium Dinner are free of charge, but limited. Registrations are handled on a first-come first-serve basis. Attendants must make their own travel and accommodation arrangements and cover their expenses.

Young academics (Master or PhD students, Postdocs) can submit an abstract for a poster. Two posters will be awarded with a poster price of 100 €.

Deadline for Poster Abstract Submission: August 31, 2015.

For registration and further information please follow the website:

www.uni-due.de/crc1093

Accommodation

A variety of hotels are close to the venue and are available at a special rate. After successful online registration you will receive detailed information about special offers arranged for the participants of the symposium. Remember to make your housing reservation timely, since capacities are limited.

Venue

Glaspavillon (R12 S00 H12)
Universität Duisburg-Essen - Campus Essen
Universitätstr. 12; 45141 Essen
