

## PREFACE/POSTSCRIPT

### *POSTSCRIPT FROM THE PUBLISHER*

In December 1980, when this volume was ready to go to press, we were notified of John Odmark's sudden death, in the midst of his activities.

We commemorate a friend, a pleasant personality to work with and a serious, dedicated and enterprising scholar.

We will continue the series, which he so successfully started, in his spirit.

C. & J.B.
