

Open-Minded

Located in the heart of the Ruhr metropolis, the University of Duisburg-Essen (UDE) is one of the largest universities in Germany. Its broad spectrum of subjects ranges from the humanities, social sciences and education to economics, engineering, natural sciences and medicine.

Since its foundation in 2003, the UDE has evolved into a world-renowned university for research – a fact documented by several top positions: In the Times Higher Education-Ranking it takes the 14th place among the world's 250 best young universities and ranks first among the German universities evaluated. The UDE is also way ahead in the cited scientific publications: It ranks 5th nationwide and 97th in an international university comparison.

With its innovative and digitally supported teaching and learning concepts, the UDE is an attractive place for research-based teaching and a model for active educational justice.

Faculties – Students – Study opportunities

Faculty of Humanities
7.895

- Anglophone Studies
- Christian Studies
- German as a Second Language
- German Studies
- History
- Geography
- Communication Science
- Culture and Economics
- Art and Art Science
- Literature and Media practice
- Dutch Studies
- Philosophy
- Romance Studies (French and Spanish)
- Turkish Studies

Faculty of Economics and Business Adm.
5.324

- Applied Computer Science – Systems Engineering
- Economics
- Health Economics
- Health Care Management
- Business Administration
- Computer Science and Economics

Faculty of Chemistry
1.506

- Chemistry
- Water Science

Faculty of Biology
1.579

- Biology
- Environmental Toxicology
- Medical Biology
- Transnational Ecosystem-based Water Management
- Biodiversity (with Ruhr University Bochum)

Mercator School of Management
3.130

- Business Administration
- Business Education
- Innopreneurship

Faculty of Social Sciences
3.225

- Global and Transnational Sociology
- Modern East Asian Studies
- Political Science
- Social Sciences
- Sociology

Faculty of Mathematics
2.937

- Mathematics
- Technomathematics
- Economathematics

Faculty of Engineering
11.358

- Applied Computer Science
- Applied Cognitive and Media Science
- Automotive Engineering and Management
- Civil Engineering
- Electrical Engineering/Information Technology
- International Studies in Engineering (ISE)
- Mechanical Engineering
- Medical Technology
- NanoEngineering
- Technology
- Technical Logistics
- Industrial Engineering

Faculty of Educational Sciences
2.211

- Educational Science
- European Adult Education
- Psychology
- Social Work
- Sport and Kinesiology

Faculty of Physics
885

- Energy Science
- Physics

Faculty of Medicine
2.244

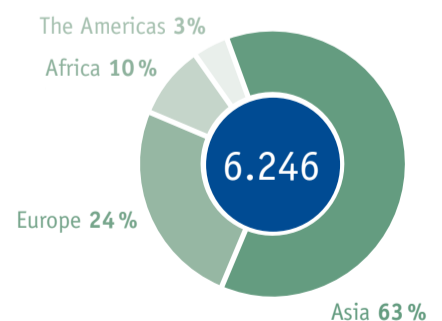

- Medicine

Students

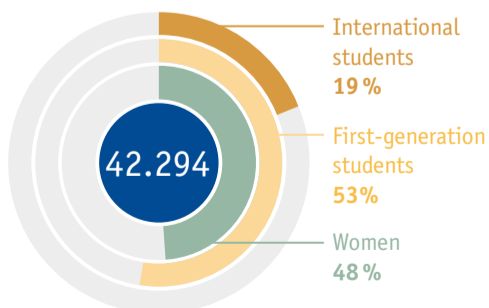

247 Degree Programmes
thereof **127** Teaching Degree Programmes

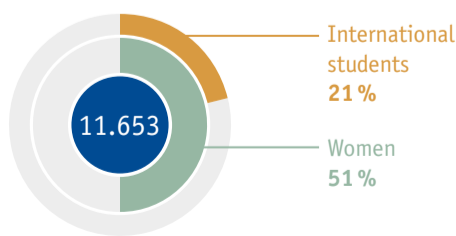

Students with foreign entrance qualifications

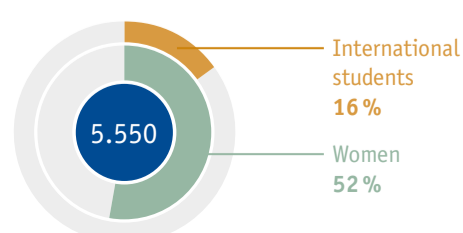

Students in total

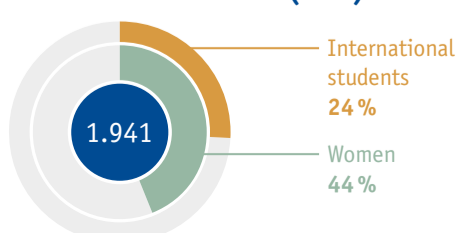

First-year students
