

LETZ-TEST.COM

Searched: Student Assistant

We are:

LetzTest is an internationally oriented company with more than ten years of practical experience in the research and development of water testing solutions for lower income countries. Our goal is always the successful operation of a water laboratory on site. Thanks to innovative products, LetzTest enables public and private actors to set up compact and mobile water laboratories. In addition, the dedicated LetzTest team offers workshops and consulting services tailored to the needs of its partners.

We are searching for:

We are looking for a self-motivated, responsible and orderly person who operates the production of our water test products at our production site in Hückeswagen on a € 450 basis. Preliminary experience in the laboratory and / or production is desired. Working hours are flexible and depend on the order situation. Currently about 1 day / 14 days - rising.

Tasks:

- Production of test tubes
- Production of membrane filtration case
- Keeping order and supervision of stock levels
