GC PLUS SUMMER SCHOOL

Developing skills for
early career researchers

ABOUT GC PLUS SUMMER SCHOOL

GC Plus Summer School is a qualification program addressing doctoral candidates at the University of Duisburg-Essen.

Successful academic careers require not only outstanding research results and a deep level of expertise in the respective academic fields, but also a set of transferable skills.

The Summer School supports early career researchers with training of these key competencies. It aims at strengthening the participants' self-confidence and coping skills, thus enabling them to better communicate their achievements within the academic community and to strategically develop their own career paths.

With a special focus on female future leaders the GC Plus Summer School offers two workshops on career development and self-marketing in science for women.

All ten workshops will be held in English, aiming at cultivating and raising awareness for intercultural and interdisciplinary issues.

REGISTRATION

Please register online:

www.uni-due.de/gcplus/en/skills_offers_summerschool.php

Registration deadline: July 17, 2018
