

ICAN Fall Training Day

03.11.
2022

The ICAN Fall Training aims at providing insight into the analytical techniques available through the ICAN. The fundamental principles underlying the major instrumentation within the ICAN will be discussed and examples for its use will be given. The day concludes with a tour through the ICAN microscopy center.

Program

9:00 Uhr	Registration	12:30 Uhr	SAM/EDX & XPS
9:15 Uhr	Welcome	13:15 Uhr	AFM/SPM
9:30 Uhr	C _s -corrected TEM	14:00 Uhr	Break
10:45 Uhr	Break	14:15 Uhr	Raman Spectroscopy
11:00 Uhr	TOF-SIMS	14:35 Uhr	3D optical profiler
11:45 Uhr	Lunch time	15:00 Uhr	Lab tour

The ICAN Fall Training covers fundamental knowledge of the tools within the ICAN for current and future ICAN users at the Master/ PhD student/ Postdoc level. The training is open to members of CENIDE and members of the UA Ruhr and will take place in room 2.42 of the NETZ building. The number of participants is limited to 60. This is an in-person training, and we would appreciate if you could wear a mask.

Registration:

Please register before Oct 27th, 2022 by sending an eMail to ican@uni-due.de.
