MAIL FROM **WAGNER**

Dear Vladimir Putin,
You think I'm in Belarus. But it is unbearable with this Lukashenko – you know what I'm talking about. That's why I'm going to board an aircraft and fly to my new friend, for whom I may soon conquer something: this little naughty island, which must not be named ...

Global Security Initiative and Global Civilization Initiative

Another two significant initiatives presented by Xi Jinping at the Boao Forum on April 22, 2022 and at the CCP High-Level Dialogue on March 15, 2023, respectively, to increase China's global influence and to ensure that no one can interfere in China's "internal affairs".
