

## Application for the Aurora Exchange Programme

### Preliminary course selection

You are required to upload a list of courses that you would like to attend at your universities of choice as part of your application for a place on the Aurora Exchange Programme. This selection of courses is not binding. It is merely meant to help us get a good overall picture of your application. Please look up the available courses on the webpages of your universities of choice yourself. If the courses for the upcoming year are not yet online, you can use courses offered in past years as a reference. You can find links to the universities' websites in the MoveOn database: <https://unidue.adv-pub.moveon4.de/home-page-1570/>

Please compile a preliminary course selection for each of your universities of choice. You should aim for 20–30 ECTS per semester. Wherever possible, please also indicate which course/module at UDE the credits for the relevant course are to be recognised for.

Surname, given name	
Student ID number	

### Choice 1:

Name of the university:			
Course/module title (host university)	Link to the course at the host university	If possible, course/module at UDE (for which the credits for this course are to be recognised)	
<b>Total ECTS:</b>			

**Choice 2:**

Name of the university:			
<b>Course/module title (host university)</b>	<b>Link to the course at the host university</b>	<b>If possible, course/module at UDE (for which the credits for this course are to be recognised)</b>	
<b>Total ECTS:</b>			

**Choice 3:**

Name of the university:			
<b>Course/module title (host university)</b>	<b>Link to the course at the host university</b>	<b>If possible, course/module at UDE (for which the credits for this course are to be recognised)</b>	
<b>Total ECTS:</b>
