

International UDE Guest Docent Program

5 lectures by Prof. T. Shinbrot (Rutgers University, USA) on

Ethics in Natural Sciences and Engineering

plus reading seminar, online material, discussion, and explanation of the DFG-principles for good scientific conduct (by Prof. D. Wolf, UDE) (1 ECTS-Credit)

For all students from Bachelor to PhD level in science and engineering.

Mo	13.07.15	MC 351	17:30 – 19:00
Di	14.07.15	MC 122	17:00 – 19:00
Mi	15.07.15	MC 122	17:00 – 19:00
Do	16.07.15	MC 351	12:00 – 14:00
Fr	17.07.15	MC 122	11:00 – 13:00

This lecture series gives several examples that illustrate the ambivalence between benefits of modern research and its possible misuse.

The lectures will be accompanied by a seminar (workshop-style teaching), in which the different views, in particular from an American perspective, compared with the German or European ones, will be worked out. Literature recommendations and online material will be provided.
