## CITYMAKERS-RUHR 2020 Networking Event

After starting with CITYMAKERS-RUHR in 2019, we now invite you again to meet and discover: what does livable city making mean today, what is our calling and potential to act now as makers and thinkers? How can we move forward and go deeper with our ideas to co-create and innovate across disciplines and borders?

Things have changed unexpectedly since last November, but our themes are even more relevant today. Experiencing the Lock-down made us think once more about the impact of public space and about the awareness for our neighborhoods. Accessibility and experience more than ever do contribute to the quality of our lives and to a resilient society. If you are curious what citymakers think and feel about important places during corona-lockdown: check out the [KEEP WUHAN WALKING SERIES](#) and our [CITYMAKERS RUHR REFLECTIONS](#) on [www.c-makers.de](http://www.c-makers.de)!

One step further, CITYMAKERS CHINA-EUROPE requested contributions for the VIRTUAL WALKS Project. 23 citymakers do their walks right now and will tell their story by walking their beloved city and share this by a short video. One walk already took place in Duisburg! Did you know: Duisburg has the eldest Sino-German twinning link, established with the City of Wuhan already in 1982.

Join the 2020 CITYMAKERS-RUHR NETWORK on 15th September in Duisburg!

- Sneak Preview of the first results of the [VIRTUAL WALKS PROJECT](#)! The walks investigate fundamental themes of life in cities that are as relevant for people living in China as for those living Ruhr Metropolis or any other European city. The official Launch will happen on Sept 18/19 in Berlin.

- Get in touch with the [CITYMAKERS RUHR NETWORK](#) again! How can we learn from each other, across disciplines and countries? We believe in collective intelligence to design cities worth living in!
- Reconsider with us the themes harvested in 2019 and the corona-reflections. We want to invite you to follow-up in separated focused online workshops during the winter season!

Your health and safety matters! We will provide an environment with plenty of space and a straight hygienic framework to keep distance as needed but still be sure to have an interactive and inspiring evening. Please register for the event!

## HOSTING PARTNERS & CONTACTS:

This event is supported by the City of Duisburg and the Konfuzius-Institut Metropole Ruhr e.V.

Registration & Initiating local host:  
Sebastian Schlecht,  
[sebastian@lala.ruhr](mailto:sebastian@lala.ruhr),  
Tel.: +49 1523 4596113
