

Invitation

Workshop and Colloquium on Mathematical Methods in Continuum Physics and Engineering: Theory, Models, Simulation

Fachbereich Mathematik

Technische Universität Darmstadt

November 6 - 7, 2019

On the occasion of the 70th birthday of Hans-Dieter Alber we organize a

Colloquium with Reception

and a

Workshop on Mathematical Methods in Continuum Physics and Engineering: Theory, Models, Simulation.

The aim is to discuss recent developments in the study of applied problems using a broad selection of mathematical methods. Partial differential equations will play an important role, but the interest of the workshop is not limited to them.

STRUCTURE

Wednesday, November 6:

13:00 Start of the workshop

17:00 Lecture in the Mathematical Colloquium of the department of mathematics

18:30 Reception

Thursday, November 7: Continuation of the workshop. Presentations end in the afternoon.

LOCATION

Department of Mathematics, Schlossgartenstr. 7, 64289 Darmstadt

and Hessisches Staatsarchiv, Karolinenplatz 3, 64289 Darmstadt.

Colloquium lecture: Lecture hall in the clock tower S2|08 /171 Hochschulstr. 4, 64289 Darmstadt

REGISTRATION

Participants of the workshop should register via the [registration page](#) until September 15, 2019. There is no registration fee.

If you only want to participate in the colloquium beginning at 17:00, November 6, and the subsequent reception, then write to anapde@mathematik.tu-darmstadt.de for reasons of planning.

HOTEL INFORMATION

We ask the participants to book hotel rooms by themselves. Some hotels are listed on the workshop homepage. It is recommended to book hotel rooms early.

ORGANIZERS

R. Farwig

P. Neff
