

Universitätsprofessur (W3) für "Experimentelle Physik mit Schwerpunkt Magnetismus"

Full Professorship (W3) in 'Experimental physics with a focus on magnetism'

Dear applicant,

thank you very much for your interest in the Full Professorship in 'Experimental physics with a focus on magnetism' at UDE. The information sheet overleaf provides a summary of your application; please submit it as part of your documents. Be assured that due consideration will be given to your resume as provided in your extended CV.

Applications may be submitted via email as a single pdf file or in paper form. In the latter case it would be helpful if you could send an electronic copy of your application as well. However, failure to do this (e.g. due to data protection concerns using email) will in no way impair your chances in the selection procedure.

Additional information:

- If family obligations, such as caring for children or other relatives, have delayed the progress of your academic career, specify the relevant periods (parental leave, caregiver leave) and, if applicable, your children's birth years.
- If you declare a severe disability a special application procedure may apply in accordance with local regulations. Specify the degree of disability in this case (Grad der Schwerbehinderung). Note that all information is voluntary.
- Provide numbers of publications and citations according to the "Web of Science" (WoS). For the present purposes, high-impact journals are defined as: *Nature*, *Science*, *Nature Physics*, *Rev. Mod. Phys.*, *Phys. Rev. Lett.*, *Phys. Rev. X*, as well as *Nat. Commun.*, *Nat. Nanotechnol.*, *Nat. Mater.*
- When stating the number of courses given since spring 2020, please provide also, in brackets, the maximum number of hours per week and the maximum number of students.

Full Professorship in 'Experimental physics with a focus on magnetism' – Application sheet

Personal information

Family name	Given name(s)				
Title/Degree		Sex/Gender	Date of birth	Number of children	Nationality
Severe disability	Periods of family obligations				
Preferred means of contact (email, telephone)					

Academic career

Current position (institution, type of contract)
University degree (year, institution, advisor, grade)
Doctorate (year, institution, advisor, grade)
Junior professorship, Junior research group, Habilitation or equivalent qualification (year, institution, mentor)
Research/Postdoctoral stays abroad (of more than six months)
Awards, distinctions, etc (most important ones)

Externally funded projects since 2020

For each project awarded to you as PI since 2020, specify funding agency, short title, reference code, amount of funding in €

Three most important publications

Research accomplishments, quantified

Publications (WoS)	Citations (WoS)	h-Index (WoS)	High-impact publications	Monographs	Feature articles
--------------------	-----------------	---------------	--------------------------	------------	------------------

Invited talks since 2020 (international conferences and workshops)	Link to ORCID ID or similar (if available)
--	--

Teaching experience since 2020, quantified

Mandatory lecture courses	Optional lecture courses, Schools	Bachelor theses	Master theses	PhD theses
---------------------------	-----------------------------------	-----------------	---------------	------------
