*Application for initial grant backing
to the amount of €10,000 as part of UDE's internal DFG incentive scheme*

Personal details

Surname, given name:

Phone:

Email:

Cost centre:

Faculty:

Type of employment relationship with UDE (if applicable, for a fixed term until):

Eligibility criteria for this application (please mark with a cross if applicable)

I am a first-time grant applicant in accordance with UDE's internal incentive scheme¹, i.e. I have not yet submitted a grant application to the DFG in my academic career.

The grant application that I wish to submit with the support of the initial grant backing is a DFG individual research grant with a funding volume of at least €50,000.

I am not receiving funding from the internal UDE Postdoc Seed Funding programme in support of early career researchers.²

Planned DFG project title:

Conditions for support to be granted:

- The initial grant backing is to be used exclusively for preparing an application for a DFG individual research grant.
- Funds can be used over a 12-month period after approval.
- You will not receive any further funds from the DFG incentive scheme for the approved project.³
- The initial grant backing cannot be used to fund your own position.
- Proof of completion of the proposal must be provided until 18 months after receiving approval for the initial grant backing at latest. This proof is usually provided by presenting a copy of the confirmation of submission from the DFG to the Financial Management and Controlling Department and to the SSC (Dr. Bastian Walter-Bogedain).
- If proof of this cannot be provided, the initial grant backing is to be paid back.

I hereby acknowledge the stated conditions for the granting of support.

Acknowledged by the budget manager

Applicant, Date

Name and stamp of the budget manager

¹ In this programme, all UDE researchers (excluding those from the Faculty of Medicine) who have not yet submitted a grant application to the DFG at the time of submission of the application for the initial grant backing are eligible for funding.

² Please find further information on the Postdoc Seed Funding programme at https://www.uni-due.de/gcplus/en/postdoc_seed_funding.php

³ You can find further information (in German) on the DFG incentive scheme on this page: https://www.uni-due.de/verwaltung/budgetierung/bonus_dfg
