

INVESTMENT BANKING - INTERNS, ASSOCIATES AND VICE PRESIDENTS

Global Capital Finance is an international investment banking and financial advisory services firm, providing innovative advice to public and private sector clients worldwide, with a strategic focus on the renewable energy sector. Global Capital Finance is also active in other industries, such as energy, transportation, public finance, infrastructure and real estate. Global Capital Finance was founded in 2000, and has its primary offices in New York and in Frankfurt, and representative offices in Madrid, Kyiv and Hong Kong. Please see our website for additional information: www.globalcapitalfinance.com

Our advisory team based in Frankfurt is looking for Interns (paid position), as well as full-time Associates, and Vice Presidents. Responsibilities will include market research on the renewable energy sector in Europe, CEE and CIS countries, as well as North America and South America. Vice Presidents will be responsible for Business Development within a specific global region or sector. Our Associates and VP's will prepare and review financial models for the renewable energy sector (onshore and offshore wind, solar, hydro and biomass). A strong background in Excel is required. In addition, our Associates and VP's will prepare client presentations, banker's packages, information memoranda, commercial due diligence reports, and investment teasers. Our interns are an important part of the team, and will support the advisory team in daily activities. We are looking for interns who would consider to join us on a permanent basis as Associates or Vice Presidents following their internship and studies. We provide an excellent training in financial analysis of energy projects through direct deal transaction experience, and on-the-job training. Global Capital Finance offers a competitive compensation and benefits package for its permanent employees.
