

Short instructions for downloading the semester ticket onto your smartphone via Campus-App myUDE:

Open **myUDE**

Select **“my UDE”**, then **“Mobility”** button; then select **“Semesterticket”**

Your ticket (current semester and next semester, if you are already reregistered) will appear on your smartphone now. You should present the ticket when requested to do so on buses, trams and trains.

After the first download, your semester ticket will be saved in myUDE so that you can open and show it on your smartphone without an internet connection.

Please note that after a log out, you will need to sign in to the app again to download the ticket.

Important note:

In the unlikely event that the following warning appears here:

"Please note that you have to login with your university ID and password. If there is however no ticket for the WiSe 2018/2019, you will find further information and contact persons here."

read further information:

<https://www.uni-due.de/studierendensekretariat/semesterticket.shtml>

You will also be offered a **PDF document**, which you can print out and present as proof of your ticket on public transport if necessary (e.g. if your mobile is not working).

To print the PDF, log into **HISinOne**

<https://campus.uni-due.de/cm>

„Mein Studium“ → „Studienservice“ → „Bescheinigungen“

under the heading: **„Bescheide (z. B. Semesterticket, ...)“** with the function „Erstellten Bescheid ausgeben“ you are able to print the respective semester ticket as PDF.
