UNION HOSPITAL, TONGJI MEDICAL COLLEGE, HUAZHONG UNIVERSITY OF SCIENCE AND TECHNOLOGY

2nd Mobility Programme Annual Workshop & the 7th Sino-German Medical Joint Symposium

June 19, 2024 Academic Lecture Hall of Tongji Medical College

Organized by:

Union Hospital, Tongji Medical College, Huazhong University of Science and Technology, China

University Hospital of Essen, University of Duisburg-Essen, Germany

Hubei International Scientific and Technological Cooperation Base of Infection and Immunity, China

Joint International Laboratory of Infection and Immunity, HUST, China

Wuhan Society for Immunology, China

Conference Handbook

Conference Agenda

Times	Opening Ceremony	Moderator
08:30-08:35	Greeting Speech by Prof. Jia Liu & PD Kathrin Sutter	Prof. Jia Liu PD Dr. Kathrin Sutter
08:35-08:45	Greeting speech by the director of Union Hospital	
08:45-08:55	Greeting speech by Prof. Dr. Jan Buer (Dean of the Medical Faculty, University Hospital of Essen)	
08:55-09:00	Group photo	
Plenary talks (I)		
09:00-09:30	"Eliminating retroviruses from their reservoir by immunotherapy" Prof. Dr. Ulf Dittmer, University of Duisburg-Essen	Prof. Dongliang Yang Prof. Ulf Dittmer
09:30-09:35	Q & A	
09:35-10:05	"Genomics on the road to functional cure of chronic hepatitis B" Prof. Fengmin Lu Peking University	
10:05-10:10	Q & A	
10:10-10:40	"The Microbiome in Infection, Autoimmunity and Cancer" Prof. Dr. Jan Buer University of Duisburg-Essen	Prof. Xin Zheng Prof. Mengji Lu
10:40-10:45	Q & A	
10:45-11:05	Coffee Break	
11:05-11:35	"Identification and design of functional receptors for various coronaviruses" Prof. Huan Yan Wuhan University	
11:35-11:40	Q & A	Prof. Xin Zheng Prof. Mengji Lu
11:40-12:05	"Unraveling the Multifaceted Role of Type I Interferons in Chronic Viral Infections" PD Dr. Kathrin Sutter University of Duisburg-Essen	
12:05-12:10	Q & A	
12:10-12:35	"Deciphering New Mechanisms of Immunological Clearance of hepatitis B virus infection" Prof. Jia Liu Huazhong University of Science and Technology	
12:35-12:40	Q & A	Prof. Jia Liu
12:40-14:30	Working Lunch	
Plenary talks (II)		
14:30-15:00	"Long term Outcome of Therapeutic Vaccination with a third Generation Pre-S/S HBV Vaccine of chronically HBV Infected Patients" Prof. Michael Roggendorf Technische Universität München	Prof. Shi Liu Dr. Marek Widera
15:00-15:05	Q & A	
15:05-15:35	"Intricate interplay between innate-like T cells and hepatic metabolic microenvironment in HBV-related liver failure and post-transplantation" Prof. Xiufang Weng Huazhong University of Science and Technology	
15:35-15:40	Q & A	
15:40-16:00	Coffee Break	Prof. Baoju Wang Dr. Vladimir Temchura
16:00-16:25	"Trick or treat: Leveraging viral immune evasion for drug and vaccine development" Prof. Dr. Mirko Trilling University of Duisburg-Essen	
16:25-16:30	Q & A	
16:30-16:55	"Non-cytolytic control of hepatitis B virus infection" Prof. Jieliang Chen Fudan University	
16:55-17:00	Q & A	Prof. Jia Liu
17:00-17:25	"Hepatic innate immunity - friend or foe in HBV infection" PD Dr. Ruth Broering University of Duisburg-Essen	
17:25-17:30	Q & A	
17:30-17:40	Discussions and conclusions	Prof. Jia Liu
18:00-22:00	Dinner
