**Rob Thompson**

**FRIDAY, NOVEMBER 11<sup>th</sup> 2016, 10.00-17.00h**  
**Networking Strategies in Academia**  
**Alexander Roggenkamp**

## TERMS OF PARTICIPATION

Attendance of the workshops is free of charge. Participants will receive a certificate of attendance. We kindly ask you to tend yourself during lunch break.

## ABOUT THE PROGRAMME

The workshops address doctoral candidates and postdoctoral researchers at the University of Duisburg-Essen.

Successful academic careers require not only outstanding research results and a deep level of expertise in the respective academic fields, but also key interdisciplinary qualifications. The workshops support young researchers with training of these key competencies, which are essential in both the academic and non-academic environment. They aim at strengthening the participants' self-confidence and coping skills, thus enabling them to better communicate their achievements within the academic community and to strategically develop their own career paths.

All four workshops will be held in English, aiming at cultivating and raising awareness for intercultural and interdisciplinary issues.
